

Technical Data Sheet

CRAMOLIN® DUSTER BR Art. No.147

Product description

DUSTER BR is a microscopically clean, moisture- and oil free, flammable compressed gas and especially developed for application where extremely pure cleaning is required, and where liquid solvents are inappropriate. The powerful jet action instantly removes particles from the most inaccessible areas, leaves no residue and is harmless to all materials.

Application

DUSTER BR easily, quickly and safely removes dust, lint, and oxide particles from all kinds of equipment. Designed and recommended for all types of powerful nonabrasive cleaning of sensitive electronic equipment and components, data processing equipment, personal computers, optical instruments, photographic materials, microscopy and laboratory equipment.

Please note

Before usage insert extension tube into spray button. To keep the pressure at maximum value press spray button at intervals. When spraying, keep can upright; otherwise its function will be impaired.

Caution: Do not use DUSTER BR on components under voltage. Prior to switching on the appliances, allow to evaporate. Do not spray on naked flame or on hot parts. Keep away from sources of ignition. No smoking during the usage.

Technical Data

Odor:	none
Density at 25° C:	0,55 [g/cm ³]
Evaporation:	complete
Material compatibility:	very good
Flashpoint:	< °C
Pressure:	4,8 bar

Storage / Shelf Life

Shelf life is 2 years if stored correctly.
Package after emptying to be disposed via metal scrap.
